

## Republican Budget Would Be Devastating for Hawaii Women

*Senate Democrats have introduced a budget that cuts wasteful spending, invests in what the economy needs to grow, and protects programs critical to women across the country. Meanwhile, Republicans have again introduced a budget that would take an enormous toll on the nation's women, cutting the services they rely on for their health and the health of their children.*

**815 fewer Hawaii women will be screened for cancer.** The Republican budget would cut funding for the National Breast and Cervical Cancer Early Detection Program, which helps low-income, uninsured, or underinsured women gain access to diagnostic services like clinical breast examinations, mammograms, pap tests, and pelvic examinations. The deep cuts in the Republican budget could result in Hawaii receiving \$205,481 less funding. **2,735 fewer children will receive life-saving vaccinations.** Grants for childhood immunizations help to purchase and distribute vaccines for poor and uninsured children. The Republican budget could cut \$186,897 in funding for life-saving vaccinations in Hawaii. **Reproductive health programs in Hawaii could be cut by \$428,305.** The Republican budget could cut \$428,305 in services funding for the Title X family planning program in Hawaii, which provides access to contraceptive supplies, reproductive health information and counseling, breast and pelvic examinations, breast and cervical cancer screening, STD and HIV prevention education, and pregnancy counseling to 21,566 women in 2011 alone. **Over 173,000 women in Hawaii will lose access to health benefits.** The Republican budget repeals the Affordable Care Act, eliminating health insurance coverage and new benefits for millions of Americans and jeopardizing their access to stable, secure, affordable care. 173,000 women and 115,000 children in Hawaii would have a lifetime limit on their coverage under the Republican budget. **28,937 fewer women and children will have access to maternal and child health services in Hawaii.** The Maternal and Child Health Block Grant program helps states provide critical maternal and child health services, including prenatal care, well child services, and other services through clinics, home visits, and school-based health programs. The Republican budget would cut \$0.4 million in funding from Hawaii, resulting in 28,937 fewer women and children served.
